OFFICE TALK

For the month of December we will be focusing on Patience. I don't know about you, but I find my patience being tested often. I think even more so since having kids.

Being patient is a vital part of trusting in God as our life circumstances do not always go according to our plan. There are many stories in the Bible that we can draw from that can teach us about patience. I personally draw inspiration from the story of Joseph. I grumble and become frustrated when God does not answer my prayers in my timing. Joseph waited years, in prison nonetheless, before God rescued him from his unfortunate circumstance. The story of Joseph is long and involved but such a powerful illustration of how

God works as we wait. When we trust God in the midst of waiting, we allow him to work on our behalf.

How about you? Do you struggle with patience? Have you ever asked yourself why? Do you recognize that when you demand an answer to a conflict or issue, it is possible that you are questioning God's plan for your life? Waiting is not easy. I certainly am not an expert at it. However, I am beginning to recognize the importance and blessing of remaining patient.

God will be at work in the month of December as we look at this important, yet challenging fruit of the spirit.
