OFFICE TALK

With Valentine's Day passing it seems appropriate that this month's focus for our theme is on Love. At our recent school wide devotion on Thursday, we talked about different ways that we can show someone we love them. Some of the student responses included: caring for people, being kind, hugging or kissing someone or buying a gift for someone.

Sadly we live in a world where many people do not feel loved. In fact, I've spoken with some people who think they are incapable of being loved because of their past mistakes or low self

esteem. This is why it is important that we treat everyone with love, even our enemies. John 13:35 "everyone will know you are my disciples if you love one another".

We can lead people to Christ through our love towards everyone we interact with. This includes people who are the closest to us.

Someone once told me that my marriage is the biggest platform for sharing my faith. By treating my wife with dignity, respect and honour, my witness becomes all the more effective. Loving those who treat us wrong is contrary to how the world would respond. However, extending love even to those who do

us wrong exemplifies how Christ loves us.

There is no better example than the love Christ showed dying on the cross. He suffered the most heinous death, not for His own inequities, but for ours. He loved even those who hurled insults, mocked Him and

nailed Him to the tree. This is the ultimate expression of love. This month reflect on how you love those in your life and on Christ's love for you.
