OFFICE TALK

This month for our theme about construction we will be focussing on “the crew”. Last month we learned about the importance of the worker. God calls us all to be obedient men and women of God who work at everything with all our hearts as though each task is devoted to Him. On earth we are called to work at advancing God’s kingdom by spreading His word and by loving everyone we encounter.

We recognize as a body of believers that we are not alone in reaching others with the gospel. As Christians, we are part of a “crew”. It would be far too time-consuming and less productive for a worker to construct a building alone. You need a crew of people, equipped with a different set of skills: brick layers, electricians and builders, just to name a few.

God has equipped us as His church with different skills to reach people with the gospel. We need to work together with this common goal in mind. The verse we will look at this month is from Thessalonians 5:11 “Therefore encourage one another and build each other up, just as in fact you are doing.”

As fellow believers, let’s advance his Kingdom and encourage our crew as we do so. More will be done for the glory of God if we work together in unity, and reject any pride, malice or discord that our flesh or the enemy would bring our way.
