### STUDENT TALK

#### Why I Love WCS

Wallaceburg Christian School is a place that has been like my second home in many ways ever since I started in kindergarten. Along with the incredible teachers and close knit community, the school boasts many things that make it the wonderful place that it is.

For one the school values quality education, and the teachers care about your needs. The school uses reliable curriculum and teaches in a way that benefits the student. I have always felt supported by my teachers in my work, and they always take care so that we understand what we are being taught. I am happy with the teaching methods that the school uses and I feel that I will be well equipped for high school.

WCS is a school that is built solely on Jesus. Our education is based around Christianity in a way that we can grow in our faith even at a young age. I feel so grateful that I have always

been able to be open about Jesus even in a school setting. The school has helped me so much in learning about Jesus and all about the bible. Without the school I would have a lot less growth in my faith.

The feeling of family in WCS is one of the most important parts of it. Being a small school, there's a close community in which you can feel comfortable. I've always loved the feeling of knowing everyone at the school. School field trips are also a lot more enjoyable when you can enjoy being with the families and teachers from the school. When everyone knows each other, you can never feel alone. I love WCS for its rare qualities, and I have enjoyed every year that I have spent here. From the excellent teachers to the Christian education, Wallaceburg Christian School is a wonderful school!
