Tips for Remote Learning

We are not planning to go to remote learning unless circumstances change and we have to. In order to be better prepared if we are forced to go to remote learning, the school has been planning and putting together tips and

tools for parents. A document called "Five Top Tips on Remote Learning" has been shared with you, and is also available in paper form from the school office at your request. Please read it thoroughly and ask us for clarification if needed.

Tech Time

With Mrs. Hoogstad

Today we are going to take a closer look at Google Classroom. Classroom is a free web-based platform that integrates all Google services, including Google Docs, Gmail, Google Calendar, Google Meets/Hangouts, and more. Classroom saves time and paper, and makes it easy to create classes, distribute assignments & video lessons, communicate, and stay organized.

At WCS, teachers of Grades 1-8 use Google Classroom and other Google apps from time to time and all students have a gmail account (i.e. yourchild'sfirstnameandlastinitial@wallaceburgchritianschool.com). Google Classroom is used now during in-school learning and will be our main area to post lessons & assignments if mandated to go remote.

Here are two short links for you to explore to ensure that you are using Google Classroom to its fullest potential. Have fun learning!
